

**Independence
for all abilities
in water**

www.floatsation.com

Floatsation™ The Original:

Over the last few months we have been improving on what was New Age Floatsation or Original Floatsation. For those of you who have used our products before will know how good they have been over the years.

The original product has now been redeveloped as Floatsation™ by Martin Mansell, winner of 4 Gold, 5 Silver and 3 Bronze medals at 2 Paralympic games. Martin believes that everyone should be able to enjoy the freedom that being in water brings.

Now the products have even softer netting but are still as hard wearing, balls that do not discolour and even better they carry a **2 year guarantee** as well as an option for a **training programme that is linked to CPD.**

The Floatsation™ - THE INCLUSIVE SWIM/FLOATING aid/device. The product range has wide applications both in the leisure market as an inclusive swimming/floatation aid and as a **hydrotherapy** aid in the pool. The products enable independence in the water acting as an exercise/fun unit and an aid to relaxation at the same time; as well as being a fun toy in the water for all abilities disabled and non disabled alike.

"Floatsation aids allow swimmers with Special needs to be independent in the water. They help create a safer centre of gravity and can provide an effective learning curve towards becoming an independent swimmer.

The effectiveness of each buoyancy aid keeping the swimmer in the water instead of above the water helps to boost essential water confidence"

Jo Eames
Director of Sport
Valence School, Kent

Floatsation™ can enable everyone to have fun in the water in a safe and confident way. It enables users to have fun while still allowing them to develop:

- Confidence
- Increased Self Esteem
- Independence
- Aquatic Skills
- Spatial awareness
- Team Skills
- Relaxation in water
- General relaxation
- Safe and hygienic exercise in water for all abilities and ages

We at Floatsation™ are happy to provide you will full professional support based on years of working in both the swimming and special needs fields in relationship to **recreational activities that lead to developing independence.**

The Products are Maintenance free and easy to store and transport .

For more information on Floatsation and a free quotation please feel free to look at our new web site and see Floatsation™ in action on the video page.
