

# The Daily Mile™ Destinations

15 minutes, 15 countries, 100 days

# What is The Daily Mile Destinations?

- ✓ The aim of The Daily Mile Destinations challenge is for each classroom (teachers and pupils) to work together to complete 100 days of The Daily Mile
- ✓ Classrooms compete to reach all of the destinations and fill their classroom passport
- ✓ Once classrooms reach a destination, it is time to add your destination sticker to your passport as proof of your visit

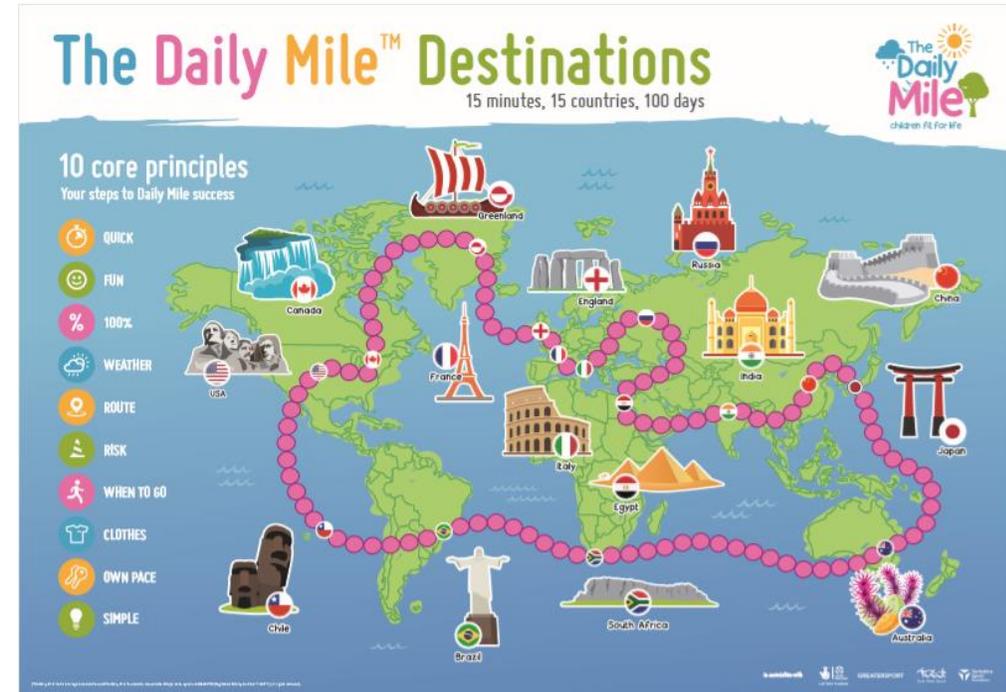

# Lets take a closer look!

## 1. The Map and The Marker

- ✓ As a class, decide where you want to start your journey on the map... the choice is all yours!
- ✓ Lets say you decided to start in England. It would take you two 'Daily Mile days' to get to France
- ✓ You don't all have to start in the same place, so different classes can start in different countries. Just remember to use you marker to follow your own class' journey!

# What about the marker?

## 1. The Map and The Marker

- ✓ Each classroom needs their own marker to move around the destinations map
- ✓ Be sure to you add your classroom name to the marker, or if you have a class name like hedgehogs or squirrels, you could even use a picture!
- ✓ Every time you complete a day of The Daily Mile, move your marker closer to your new destination.

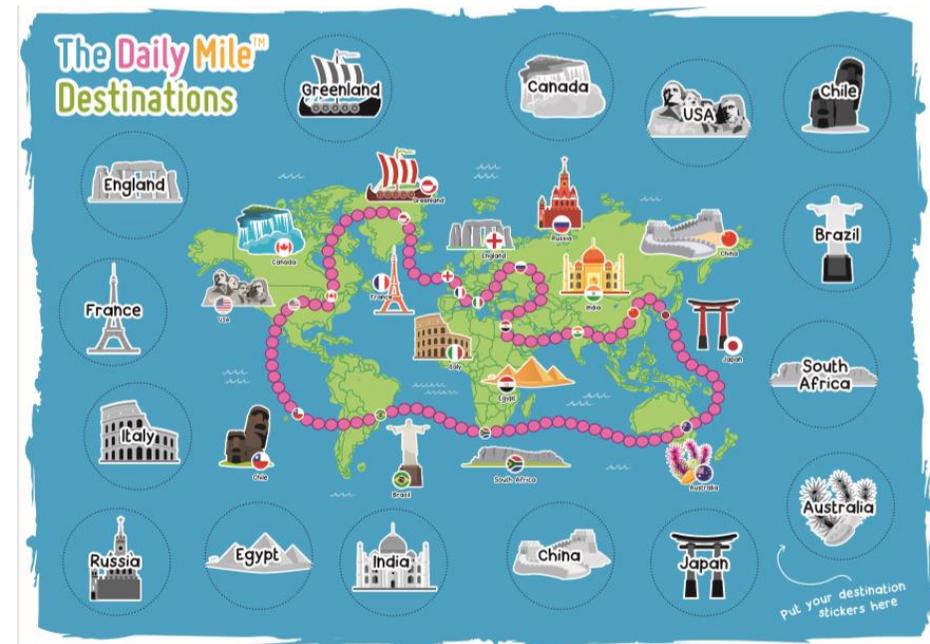

# Passports Please!

## 2. The Classroom Passport

- ✓ Each class gets their very own passport!
- ✓ Each time you reach a NEW destination, add the sticker of the matching flag on your passport
- ✓ Remember there are 15 countries to collect

# Certificates!

## 3. Certificates for show.

- ✓ Each time you reach a new destination, your class receives a new destinations certificate
- ✓ Added to this, there are some fun facts to learn and questions to conquer for each destination
- ✓ For example...

# Finally.....any questions?

Q. What if we don't do The Daily Mile every day?

A. That's ok – just like The Daily Mile itself, you can go at your own pace. Just move your class marker along every day that you can do The Daily Mile and travel at your own pace!

Q. Can we do The Daily Mile twice to move around the map faster?

A. No, that would be cheating! To make it fair for everyone, only ONE Daily Mile counts each day, but you can do extra days if you want to go faster!

Q. What if we lose our passports? Do we have to start again?

A. The good news is you won't need to start again! Your marker will help you remember where you are on the map. Simply contact your Local Coordinator for a new passport
